## Maryland Wing

The newsletter is back with apologies for our enforced absence. We recognize the need to communicate regularly and effectively with all members of Maryland Wing Music. We will do our best to keep this informant regular so that people may be in the right place, at the right time, doing the right thing!

We have established a great performance group and hope this newsletter will help bring us together to pull in more performances, and great musicians as well.

All rehearsals will be at the NNMC Auditorium. If there are any changes to the schedule we will do our best to inform you ahead of time.

## Calling Volunteers for National Music Academy

### Volunteers Needed — NMMA

The National Military Music Academy will hold its fourth annual music camp July 15th through August 1st. The NMMA will host more than thirty air cadets from across the US in this year's military music training camp.

A number of events are being planned for the activity, including a return to the Deep River Ancient Muster (July 30th) -- where NMMA cadets will participate with many outstanding fife and drum units, a possible rehearsal with the United States Air Force Band, and hopefully another retreat at Mt. Vernon (July 28th). Please note these dates are tentative.

Volunteers are needed to help conduct clinics as well as assist in a number of tasks including transportation, housing, food, and recreation. Civil Air Patrol members that are interested must fill out CAP Form 17, "Application For Senior Member Activities." These forms are available on-line at [www.geocities.com/capnmma/NMMA.htm](http://www.geocities.com/capnmma/NMMA.htm) or you may obtain a hard copy from Lieutenant Goolsby.

The NMMA activity was a huge success last year, please help us put on another great camp this year as we further our mission of establishing music programs in the Civil Air Patrol. *Please volunteer!*

## Brief History of CAP

The Civil Air Patrol was formed in 1941 primarily to perform civil-defense functions in response to the threat of German aggression. By an act of Congress, it became a formal auxiliary of the United States Air Force in 1948.

The USAF provides the Civil Air Patrol with technical services, advice and facilities. In return, the CAP - now with 51,000 members - provides aerospace education, emergency services and youth cadet training.

The CAP is best known for its Search-and-Rescue (SAR) operations. CAP performs this service for the United States Air Force, using a fleet of more than 5,000 aircraft.

In 1994, the Civil Air Patrol conducted nearly ninety percent of all Search and Rescue missions in the United States involving civilian aircraft.

The Civil Air Patrol is involved in United States Air Force training and communications planning. Its pilots fly thousands of hours in counter-drug reconnaissance missions for the United States Air Force and other federal agencies.
